

The Labrador Club Walk
Sunday 23rd September

This will be a slightly different walk to our usual ones. We will be meeting at the Auckland Botanical Gardens 102 Hill Road, Manurewa.

We will meet at the main entrance at 9.45 am. and start the walk at 10 am. round the gardens with our dogs on leads. There is an off lead area where they can let off a bit of steam. Hopefully it will be a nice fine day and the spring flowers will be worth going to see.

Please remember to bring poo bags. If the weather is looking doubtful we will decide on the day. There is a very good cafe there for our after-walk coffees and we can sit outside with the dogs on leads.

Of course you can always look up the Gardens on line and decide where it will be best to walk on their map.

For any queries ring me – Sally 0272294803

Look forward to seeing you there.
